## Deerfield Place set for Phase II

Atlanta Business Chronicle

The city of Milton has approved **The Sembler Co.**'s Phase II of the 430,000-square-foot Deerfield Place development

Deerfield Place is near the intersection of Windward Parkway and Hwy. 9 in north Fulton County. Phase I is slated to be finished by mid-summer 2008 and will include PETCO, Staples and SuperTarget. Phase II is expected to be ready by late 2008/early 2009, featuring Kohl's, smaller retail establishments and several restaurants that will be announced later.

Milton expects Deerfield Place will add nearly \$900,000 annually in property and sales taxes.
