[Modern Atlanta's MA10 brings modern design to Atlanta](#)

Monday, May 31, 2010 5:09:18 PM AMT

Design geeks rejoice! Celebrate creativity with Modern Atlanta's week-long citywide program, [MA10](#), focusing on modern design June 1-6.

The program features many aspects of life embracing design and artistic function: Architecture, communication art, fashion, interior design, visual arts and social responsibility.

"We are thrilled with the generous support Modern Atlanta continues to receive from so many luminaries in the design world," founder of MA, Bernard McCoy, says.

Most MA10 events will take place around Atlanta, including venues such as [Westside Provision District](#) and the [Woodruff Arts Center](#). Tickets to events can be purchased [here](#).

This is definitely a week that anyone who loves anything and everything creative should mark on their calendars! And, since most of the events are free, there's no excuse to miss out on this cultural experience.

Events include an architect studio crawl and happy hour on June 4, a chair building workshop on June 5, and a Claydies and Normann Copenhagen exhibit on June 6.

MA10 also will offer out-of-towners a two-night hotel package at the deluxe [InterContinental Buckhead](#) for starting at \$299 per person, along with tickets to the "MA-ology" fundraiser for [CARE](#) and the Tour of Modern Homes on June 5 and 6.
