Modern art is definitely the most inclusive - mainly because it shapes our world, quite literally. What would downtown be without all the architectural eye candy? This year, Modern Atlanta presents **DESIGN IS HUMAN**, a weeklong celebration of modernity in design. MA10 embraces unconventional design by exploring abstract arenas such as architecture, fashion and communication art. The week's activities include a launch party, multiple film screenings, panel discussions, an architect studio crawl and a Paris-themed fundraiser party. The week closes with a brilliant home tour highlighting the future of architectural aesthetics. *Free-\$65. See website for a complete schedule of events. www.modern-atlanta.org.*
