Finnair announces Fly in style offer from New York to Asia. According to this offer, all passengers avail business class airfares from New York to Asia via Helsinki and enjoy the pleasure of Finnair's Business Class. Airfare starts from USD 3199. The New York to Helsinki leg is flown with the new Airbus A330 aircraft offering you the best Business Class experience.

Airbus A330 - A new level of comfort

The new Airbus A330 aircraft introduces the new Vantage seats that recline to a fully horizontal position, which makes it possible to enjoy a good sleep during the flight. On each row there are 4 or 5 seats, which means that nearly 90 per cent of passengers have direct access to the aisle. With the new seating arrangement leaving one's seat will be considerably easier than before. The new seats also offer passengers more privacy and personal space. The new lights give the cabin an elegant atmosphere.
