## Sweet Auburn Curb Market Selects J. M. Wilkerson Construction for Renovation

**Sweet Auburn Curb Market Awards Major Renovation Project to J. M. Wilkerson Construction**  
Stimulus Funding Will Enable Atlanta's Municipal Market to Update, Improve Historical Structure

Pamela Joiner, General Manager of the 85-year old [Sweet Auburn Curb Market](#), today announced that [J. M. Wilkerson Construction](#) has won the bid to renovate the 50,000sf historical municipal market structure with funds issued to the City of Atlanta by the Federal Government, pursuant to the American Recovery and Reinvestment Act ("ARRA") of 2009. As General Contractor, JMW will be responsible for all project management and reports required per Stimulus and HUD guidelines. [Stevens & Wilkinson](#), an Atlanta-based Architectural, Engineering and Interior Design firm will provide design services for the JMW team. Over the last 15 years, the firms have successfully completed numerous projects together.

"Our selection committee selected JMW because of the company's extensive experience with historic renovations," notes Joiner. "This major renovation will increase the energy efficiency of our building, include cosmetic and structural improvements to both the interior and exterior of the Market, as well as provide much needed signage."

All work will be performed around the market's hours. JMW's crews will mainly work between 6 PM and 6 AM, or on Sundays when necessary. There are no plans to close or disrupt the market's regular hours of operation, Mondays – Saturdays from 8 AM to 6 PM.

"We are eager to get started immediately, especially on the exterior," says Joiner. "This will have the greatest and most immediate impact on generating additional traffic to the market, benefiting all our fresh food vendors and cafés."
